**State**

**River, Vegetation Fire, Monterey County, Update**

Pine Canyon x River Rd, 5 miles east of Salinas

State DPA, SRA, San Benito-Monterey Unit

- 48,732 acres (+308 acres), grass, brush, and oak woodland, 58% contained (+0% containment)
- Minimal fire behavior with backing and creeping
- Fire has impacted and continues to threaten valuable grazing rangelands
- Rolling material in steep terrain remains a concern
- Minimal threat to agricultural production lands and vineyards
- Continued threat to various endangered species habitat
- Minimal threat to critical communications infrastructure supporting public utilities and public safety communications on Mount Toro and Palo Escrito Peak
- Structures threatened in area of Arroyo Seco Estates and surrounding areas
- Evacuations orders remain for some areas of the fire
- Repopulation is ongoing and some of the evacuation orders and warnings have been lifted
- Sensitive habitat around Arroyo Seco exists for San Joaquin kit foxes, western spadefoot, American badger, bank swallow, San Joaquin coachwhip, yellow-legged frog, red-legged frog, California tiger salamander, and steelhead trout. In addition to bald eagle and California condor habitat
- Values at risk include San Clemente Reservoir, James Creek, Cachagua Creek, Carmel River and Los Padres Reservoir along with major watersheds
- Potential major economic impact to the community for damage to agriculture
- Steep access making containment difficult
- Damage inspection complete

- CAL FIRE IMT 1 Team (Truax) in command
- Federal ground resources assigned

**Carmel, Vegetation Fire, Monterey County, Update**

Cachagua Rd x Carmel Valley Rd, 3.5 miles south of Carmel  
 State DPA, SRA, San Benito Monterey Unit

- 6,767 acres (+72 acres), grass, brush and oak woodland, 60% contained (+5% containment)
- Minimal fire behavior with backing and creeping
- Rolling material in steep terrain is an issue
- Minimal threat to structures
- Evacuations still in progress
- Threat to endangered species habitat for the yellow-legged frog, red-legged frog, California Tiger Salamander, Steelhead Trout. In addition to Bald Eagle and California Condor habitat
- Threat to Ventana Wilderness and Carmel American Viticulture Area
- Repopulation has begun, and some of the evacuation warnings and orders have been lifted
- Evacuations still remain in place for other areas of the fire
- Values at risk include San Clemente Reservoir, James Creek, Cachagua Creek, Carmel River and the Los Padres Reservoir
- Cultural resources at risk include Cachagua Road corridor, Blue Rock Ridge, Jamesburg Earth Station historical location, Monterey Institute for Research in Astronomy (MIRA)
- Damage inspection is complete
- Continue to improve, reinforce and secure control lines
- Road closures in the area
- CAL FIRE IMT 1 Team (Truax) in command
- Federal ground resources assigned

**Moc, Vegetation Fire, Tuolumne County, Update**

- Continued threat to various endangered species habitat
- Minimal threat to critical communications infrastructure supporting public utilities and public safety communications on Mount Toro and Palo Escrito Peak
- Structures threatened in area of Arroyo Seco Estates and surrounding areas
- Evacuations orders remain for some areas of the fire
- Repopulation is ongoing

- Sensitive habitat around Arroyo Seco exists for San Joaquin kit foxes, western spadefoot, American badger, bank swallow, and San Joaquin coachwhip
- Values at risk include San Clemente Reservoir, James Creek, Cachagua Creek, Carmel River and Los Padres Reservoir along with major watersheds
- Potential major economic impact to the community for damage to agriculture
- Steep access making containment difficult
- Damage inspection complete
- CAL FIRE IMT 1 Team (Truax) in command
- Federal ground resources assigned

**Carmel, Vegetation Fire, Monterey County, Update**

Cachagua Rd x Carmel Valley Rd, 3.5 miles south of Carmel State DPA, SRA, San Benito Monterey Unit

- 6,695 acres (+0 acres), grass, brush and oak woodland, 55% contained (+10% containment)
- Minimal fire behavior with backing and creeping
- Rolling material in steep terrain is an issue
- Minimal threat to structures
- Evacuations still in progress
- Threat to endangered species habitat for the yellow-legged frog, red-legged frog, California Tiger Salamander, Steelhead Trout, Bald Eagle and California Condor
- Threat to Ventana Wilderness and Carmel American Viticulture Area
- Repopulation plan implemented
- Values at risk include San Clemente Reservoir, James Creek, Cachagua Creek, Carmel River and the Los Padres Reservoir
- Cultural resources at risk include Cachagua Road corridor, Blue Rock Ridge, Jamesburg Earth Station historical location, Monterey Institute for Research in Astronomy (MIRA)
- Damage inspection is complete
- Continue to improve, reinforce and secure control lines
- Road closures in the area
- CAL FIRE IMT 1 Team (Truax) in command
- Federal ground resources assigned

- Threat to rural agriculture and ranch properties with livestock and fruit orchards, sensitive or threatened species habitat for the Unarmored Three Spine Stickleback and Arroyo Toad
- Threat to commercial mining interests and recreational resources including a segment of the Pacific Crest Trail, Campgrounds, and Warm Springs Camp
- Threat remains to SCE and LADWP 500kV transmission lines
- Threat to Old Ridge Road and other historical resources
- Road closures remain in effect
- Transportation and commuting corridor connecting the Antelope Valley to Santa Clarita and greater Los Angeles is closed
- CA IMT1 Team 5 (Young) in command
- Unified Command USFS and Los Angeles County

**Dolan, Vegetation Fire, Monterey County, Update**

Dolan Rd x Hwy 1, Ventana Wilderness  
Federal DPA, FRA, Los Padres National Forest

- 20,091 acres (+0 acres), grass and brush, 15% contained (+5% containment)
- Active fire behavior with flanking, and backing
- Evacuation orders in place for Hwy 1 at Nacimiento Ferguson Rd, North to Torre Canyon, west of Hwy 1 to the Pacific Ocean, and East of Hwy 1 to North Coast Ridge Rd/Cone Peak Rd to include Partington Ridge Road
- Threat to the communities of Big Sur, Partington Ridge, Lucia, Limekiln State Park, Big Creek Reserve, Esalen Institute, residences, resorts, Federal and State Recreational sites
- Threat to critical habitat for California Red Legged Frog, Steelhead, California Tiger Salamander and the California Condor
- Hwy 1 is closed from Pfeiffer State Park at the north to Lucia
- Fire burning in Ventana wilderness
- Smoke inversion impacts the ability to direct attack the fire with aviation resources
- High political and public interest of the incident
- Rugged and steep terrain with no or limited access
- Unified command with USFS and Big Sur Fire Department
- CA-IMT1 Team 2 (Minton) in command
- Incident submitting one ICS-209 daily @ 1800

**State**

**River, Vegetation Fire, Monterey County, Update**

Pine Canyon x River Rd, 5 miles east of Salinas  
State DPA, SRA, San Benito-Monterey Unit

- 48,424 acres (+0 acres), grass, brush, and oak woodland, 28% contained (+5% containment)
- Moderate fire behavior with backing, flanking and smoldering
- Fire has already impacted and continues to threaten valuable grazing rangelands and vineyards
- Evacuations orders remain in place for Arroyo Seco Estates

- Repopulation plan implemented in the area of Las Palmas #1, Las Palmas #2, Corral de Tierra, San Benancio, and Pine Canyon
- Threat to critical communications infrastructure on Mount Toro and Palo Escrito Peak
- Threat to hydrologic values including San Clemente Reservoir, James Creek, Cachagua Creek, Carmel River and Los Padres Reservoir
- Threat to major watersheds, the Ventana Wilderness and Native American heritage sites and artifacts located on the Los Padres N.F.
- Continued threat to various endangered species habitat
- Damage inspection is ongoing
- CAL FIRE IMT 1 Team (Truax) in command
- Federal ground resources assigned

**Carmel, Vegetation Fire, Monterey County, Update**

Cachagua Rd x Carmel Valley Rd, 3.5 miles south of Carmel State DPA, SRA, San Benito Monterey Unit

- 6,695 acres (+0 acres), grass, brush and oak woodland, 20% contained (+5% containment)
- Minimal fire behavior with backing, creeping and smoldering
- Rolling material in steep areas continue to be an issue at the bottom of drainages
- Continued threat to commercial structures, residential structures and agricultural fields
- Values at risk include San Clemente Reservoir, James Creek, Cachagua Creek, Carmel River and the Los Padres Reservoir
- Cultural resources at risk include Cachagua Road corridor, Blue Rock Ridge, Jamesburg Earth Station historical location, Monterey Institute for Research in Astronomy (MIRA) and Carmel American Viticulture Area
- Evacuations in place for Carmel Valley Village, Tasajara Community, Cachagua Community, and Tassajara Monastery
- Threat to endangered species habitat for the yellow-legged frog, red-legged frog, California Tiger Salamander, Steelhead Trout, Bald Eagle and California Condor
- Threat to 60kV line that supplies power to the community of Big Sur
- Road closures in the area
- Damage inspection is ongoing

Federal DPA, FRA, China Lake DOD

- 80,000 acres (+0 acres), grass and brush, 0% contained (+0% containment)
- Moderate fire behavior
- No DOI or Forest Service resources assigned

**Unified Command**

**Lake, Vegetation Fire, Los Angeles County, Update**

Lake Hughes Rd x Pine Canyon Rd, 7 miles southwest Lake Hughes  
Federal DPA, FRA, Angeles National Forest

- 31,089 acres (+0 acres), brush and timber, 52% contained (+0% containment)
- Moderate fire behavior with flanking, backing, and isolated torching
- Continued threat to structures
- Evacuation orders remain in effect for the Lake Hughes, western Antelope Valley, Three Points and surrounding areas
- Threat to communities of Pine Canyon and Three Points
- Threat to Burnt Peak Communications site that houses critical infrastructure supporting public utilities, public safety, and FAA communications
- Threat to rural agriculture and ranch properties with livestock and fruit orchards, sensitive or threatened species habitat for the Unarmored Three Spine Stickleback and Arroyo Toad

- Threat to commercial mining interests and recreational resources including a segment of the Pacific Crest Trail, Campgrounds, and Warm Springs Camp
- 500kV transmission lines remain threatened
- Continued threat to regional water supply systems
- Road closures remain in effect
- Transportation and commuting corridor connecting the Antelope Valley to Santa Clarita and greater Los Angeles is closed
- CA IMT1 Team 5 (Young) in command
- Unified Command USFS and Los Angeles County

**Dolan, Vegetation Fire, Monterey County, Update**

Dolan Rd x Hwy 1, Ventana Wilderness

Federal DPA, FRA, Los Padres National Forest

- 19,278 acres (+5,278 acres), grass and brush, 10% contained (+0% containment)
- Active fire behavior with backing, flanking, short crown runs, and backing
- Threat to the communities of Big Sur, Partington Ridge, Lucia, Limekiln State Park, Big Creek Reserve, Esalen Institute, residences, resorts, Federal and State Recreational sites
- Infrastructure, communication towers and commercial properties threatened
- Coastal watershed is being impacted
- Mandatory evacuation orders in place for Hwy 1 at Nacimiento Ferguson Rd, North to Torre Canyon, west of Hwy 1 to the Pacific Ocean and East of Hwy 1 to North Coast Ridge Rd/Cone Peak Rd to include Partington Ridge Road
- Threat to critical habitat for California Red Legged Frog, Steelhead, California Tiger Salamander and the California Condor
- Hwy 1 is closed from Pfeiffer State Park at the north to Lucia
- Fire burning in Ventana wilderness
- Smoke inversion impacts the ability to direct attack the fire with aviation resources
- High political and public interest of the incident
- Rugged and steep terrain with no or limited access
- Unified command with USFS and Big Sur Fire Department

- CA-IMT1 Team 2 (Minton) in command
- Incident submitting one ICS-209 daily @ 1800

**State**

**River, Vegetation Fire, Monterey County, Update**

Pine Canyon x River Rd, 5 miles east of Salinas  
State DPA, SRA, San Benito-Monterey Unit

- 47,773 acres (+651 acres), grass, brush, and oak woodland, 15% contained (+0% containment)
- Active fire behavior with wind driven run, single tree torching and short-range spotting
- Fire has already impacted and continues to threaten valuable grazing rangelands and vineyards
- Structures remain threatened in the area of Las Palmas #1, Las Palmas #2, Sierra Village and San Benancio
- Threat to critical communications infrastructure on Mount Toro and Palo Escrito Peak
- Threat to endangered species habitat for the California Tiger Salamander, yellow-legged and red-legged frog
- Damage inspection is ongoing
- Red Flag warning in effect until 1700 Monday for dry lightning and gusty and erratic winds
- CAL FIRE IMT 1 Team (Truax) in command
- Federal air and ground resources assigned

**Carmel, Vegetation Fire, Monterey County, Update**

Cachagua Rd x Carmel Valley Rd, 3.5 miles south of Carmel  
State DPA, SRA, San Benito Monterey Unit

- 6,695 acres (+0 acres), grass, brush and oak woodland, 10% contained (+3% containment)
- Moderate fire behavior with backing, single tree torching and smoldering
- Fire has crossed Carmel River on the west side
- Continued threat to commercial structures, residential structures and agricultural fields
- Values at risk include San Clemente Reservoir, James Creek, Cachagua Creek, Carmel River and the Los Padres Reservoir

		<ul style="list-style-type: none"> <li>● Cultural resources at risk include Cachagua Road corridor, Blue Rock Ridge, Jamesburg Earth Station historical location, and Carmel American Viticulture Area</li> <li>● Evacuations in place for Carmel Valley, Tassajara, Jamesburg, Cachagua, and Tassajara Monastery</li> <li>● Threat to endangered species habitat for the yellow-legged frog, red-legged frog, California Tiger Salamander, Steelhead Trout, Bald Eagle and California Condor</li> <li>● Threat to 60kV line that supplies power to the community of Big Sur</li> <li>● Road closures in the area</li> <li>● Damage inspection is ongoing</li> <li>● Red Flag warning in effect until 1700 Monday for dry lightning and gusty and erratic winds</li> <li>● Federal air and ground resources assigned</li> </ul> <p><b>Moc, Vegetation Fire, Tuolumne County, Update</b>  Hwy 49 x Hwy 120, Moccasin  State DPA, SRA/FRA, Tuolumne-Calaveras Unit/Central California District</p> <ul style="list-style-type: none"> <li>● 2,800 acres (+0 acres), brush, 10% contained (+5% containment)</li> <li>● Moderate fire behavior with backing a creeping</li> <li>● Continued structure threat</li> <li>● Evacuations orders in place for Big Oak Flat, Marshes Flat, Groveland, Pine Mountain Lake, Greeley Hill, Granite Springs and Priest Coulterville</li> <li>● Threat to critical power and water distribution infrastructure for city of San Francisco, Moccasin Fish Hatchery and PG&amp;E.</li> <li>● Threat to communities of Big Oak Flat, Marshes Flat, Groveland, Pine Mountain Lake, Greeley Hill, Granite Springs and the western egress for the community of Groveland and Pine Mountain Lake.</li> <li>● Continue to improve, reinforce and secure control line</li> <li>● Low visibility due to smoke are hampering aircraft suppression efforts</li> <li>● Federal air and ground resources assigned</li> </ul>

- Risk of vehicle accidents due to increased public utilization of Trimmer Springs road
- Continued patrol and mop-up
- Incident submitting one ICS-209 daily @ 1800

**Blue Jay, Vegetation Fire, Mariposa County, Update**

4 miles south White Wolf campground, 1 mile west of Lukens Lake trail  
Federal DPA, FRA, Yosemite National Park

- 185 acres (+0 acres), timber and litter, 10% contained (-50% containment)
- Incident caused by lightning
- Active Fire Behavior with flanking and backing
- Confine and contain strategy

- Incident submitting one ICS-209 weekly Thurs @ 1800

**Apple, Vegetation Fire, Riverside County, Update**

Appletree Ln x Oak Glen Rd, Cherry Valley  
 State/Federal/Local DPA, SRA/FRA/LRA, Riverside Unit/San Bernardino Unit/San Bernardino National Forest/Morongo Indian Reservation/City of Banning

- 33,424 acres (+0 acres), grass, brush and timber, 95% contained (+0% containment)
- Minimal fire behavior with smoldering and creeping
- Closures in the area remain in place for San Gorgonio Wilderness Area and the Pacific Crest National Scenic Trail
- Continued demobilization of equipment
- Crews continue with suppression repair
- Transitioned to Type 4 incident
- Federal air and ground resources assigned
- Incident submitting one ICS-209 daily @ 1800

**Wolf, Vegetation Fire, Tuolumne County, Update**

2 miles north of SR 120 x White Wolf Rd  
 Federal DPA, FRA, Yosemite National Park

- 73 acres (+19 acres), timber with grass understory, 0% contained (+0% containment)
- Active fire behavior with smoldering and creeping
- Monitor and confine strategy

**Castle, Vegetation Fire, Tulare County , Update**

3 miles east of Giant Sequoia National Monument  
 Federal DPA,FRA, Sequoia National Forest

- 200 acres (+0 acres ), brush and timber, 0% contained (+0% containment)
- Slow to moderate rate of spread

**North Range, Vegetation Fire, Inyo County, Update**

North end of China Lake Naval Station  
Federal DPA, FRA, China Lake DOD

- 50,000 acres (+0 acres), grass and brush, 0% contained (+0 containment)
- Extreme fire behavior
- No DOI or Forest Service resources assigned

**Unified Command**

**Lake, Vegetation Fire, Los Angeles County, Update**

Lake Hughes Rd x Pine Canyon Rd, 7 miles southwest Lake Hughes

Federal DPA, FRA, Angeles National Forest

- 29,365 acres (+453 acres), brush and timber, 52% contained (+0% containment)
- Active fire behavior with running, group torching and short crown runs
- Continued threat to structures
- Evacuation orders remain in effect for the Lake Hughes, western Antelope Valley, Three Points, and surrounding areas
- Threat to communities of Pine Canyon and Three Points
- Threat to Burnt Peak Communications site that houses critical infrastructure supporting public utilities, public safety, and FAA communications
- Threat to rural agriculture and ranch properties with livestock and fruit orchards, sensitive or threatened species habitat for the Unarmored Three Spine Stickleback and Arroyo Toad
- Threat to commercial mining interests and recreational resources including a segment of the Pacific Crest Trail, Campgrounds, and Warm Springs Camp
- 500kV transmission lines remain threatened
- Continued threat to regional water supply systems
- Road closures remain in effect
- Low RH allowed for good consumption for the firing operation
- Compromised trees are a hazard to firefighters

- Transportation and commuting corridor connecting the Antelope Valley to Santa Clarita and greater Los Angeles is closed
- An excessive heat warning remains in effect through the week
- Access and terrain continue to hamper control efforts
- CA IMT1 Team 5 (Young) in command
- Unified Command USFS and Los Angeles County

**Dolan, Vegetation Fire, Monterey County, Update**

Dolan Rd x Hwy 1, Ventana Wilderness

Federal DPA, FRA, Los Padres National Forest

- 8,500 acres (+0 acres), grass and brush, 0% contained (+0 containment)
- Active fire behavior with flanking, short range spotting and group torching
- Structures threatened
- Threat to the communities of Big Sur, Partington Ridge, Lucia, Limekiln State Park, Big Creek Reserve, Esalen Institute, residences, resorts, Federal and State Recreational sites
- Infrastructure, communication towers and commercial properties threatened
- Coastal watershed is being impacted
- Mandatory evacuation orders in place for Hwy 1 at Nacimeiento Ferguson Rd, North to Torre Canyon, west of Hwy 1 to the Pacific Ocean and East of Hwy 1 to North Coast Ridge Rd/Cone Peak Rd to include Partington Ridge Road
- Threat to critical habitat for California Red Legged Frog, Steelhead, California Tiger Salamander and the California Condor
- Hwy 1 is closed from Pfeiffer State Park at the north to Lucia
- Fire burning in Ventana wilderness
- Smoke inversion impacts the ability to direct attack the fire with aviation resources
- High political and public interest of the incident
- Rugged and steep terrain with no or limited access
- Unified command with USFS and Big Sur Fire Department
- CA-IMT1 Team 2 (Minton) in command

- Incident submitting one ICS-209 daily @ 1800

**State**

**River, Vegetation Fire, Monterey County, Update**

Pine Canyon x River Rd, 5 miles east of Salinas  
State DPA, SRA, San Benito-Monterey Unit

- 42,583 acres (+3,119 acres), grass, brush, and oak woodland, 12% contained (+3% containment)
- Active fire behavior with wind driven runs, running, single tree torching, and short-range spotting
- Evacuation warning issued for Carmel Valley
- Evacuation orders remain in place
- Fire has already impacted and continues to threaten valuable grazing rangelands and vineyards
- Structures remain threatened in the area of Las Palmas #1, Las Palmas #2, Sierra Village and San Benancio
- Threat to critical communications infrastructure on Mount Toro and Palo Escrito Peak along with a threat to television infrastructure
- Threat to endangered species habitat for the California Tiger Salamander, yellow-legged and red-legged frog
- A DINS assessment is currently in progress
- Potential major economic impact to the community for damage to agriculture
- Steep and rugged terrain making access difficult
- Unified Command CAL FIRE and Monterey County Regional Fire
- CAL FIRE IMT 1 Team (Truax) in command
- No federal resources assigned

**Carmel, Vegetation Fire, Monterey County, Update**

Cachagua Rd x Carmel Valley Rd, 3.5 miles south of Carmel  
State DPA, SRA, San Benito Monterey Unit

- 5,069 acres (+337 acres), grass, brush and oak woodland, 5% contained (+5% containment)
- Active fire behavior with wind driven runs, single tree spotting and short-range spotting
- Continued threat to structures and agricultural fields

- Values at risk include San Clemente Reservoir, James Creek, Cachagua Creek, Carmel River and the Los Padres Reservoir
- Cultural resources at risk include Cachagua Road corridor, Blue Rock Ridge, and Jamesburg Earth Station historical location
- Evacuations in place for Tassajara, Jamesburg, Cachagua, and Tassajara Monastery
- Evacuation warning issued for Carmel Valley
- Threat to endangered species habitat for the yellow-legged frog, red-legged frog, California Tiger Salamander, and Steelhead Trout
- Threat to 60kV line that supplies power to the community of Big Sur
- Hydrologic values and cultural resources are at risk
- Road closures in the area
- Damage inspection is ongoing
- Weather in the area remains dry overnight contributing to active burning and downslope runs
- FMAG application approved
- Federal ground resources assigned

**Salt, Vegetation Fire, Tuolumne County, Final**

Salt Springs Valley Reservoir, 8 miles northeast of Copperopolis State DPA, SRA, Tuolumne Calaveras Unit

- 1,789 acres (+0 acres), grass and brush, 85% contained (+10% containment)
- Minimal fire behavior with smoldering
- Final report unless significant activity occurs

**Hills, Vegetation Fire, Fresno County, Update**

Hwy 33 x Sutter Ave, 9 miles south of Coalinga State DPA, SRA/FRA, Fresno Kings Unit/Central California District

- 1,900 acres (+0 acres), grass and brush, 60% contained (+15% containment)
- Minimal fire behavior
- Threat to range land
- Steep access making containment difficult

		<ul style="list-style-type: none"> <li>● Containment efforts are being hampered due to extreme temperatures, steep terrain and valley fever</li> <li>● Demobilization of excess resources</li> <li>● Federal ground resources assigned</li> </ul> <p><b>Moc, Vegetation Fire, Tuolumne County, Update</b>  Hwy 49 x Hwy 120, Moccasin  State DPA, SRA/FRA, Tuolumne-Calaveras Unit/Central California District</p> <ul style="list-style-type: none"> <li>● 2,800 acres (+0 acres), brush, 0% contained (+0% containment)</li> <li>● Minimal fire behavior with backing and creeping</li> <li>● Continued structure threat</li> <li>● Threat to communities of Priest Coulterville, Coulterville, Moccasin, Marshes Flat, Pine Mountain Lake, Groveland, Big Oak Flat, Greeley Hill, and Granite Springs</li> <li>● Threat to critical power and water distribution infrastructure for city of San Francisco and PG&amp;E</li> <li>● Federal air and ground resources assigned</li> </ul> <p><b>Volcano, Vegetation Fire, San Diego County, Final</b>  De Luz Rd x Tenaja Trail, west of Temecula City  State DPA, SRA, San Diego Unit</p> <ul style="list-style-type: none"> <li>● 45 acres (+0 acres), grass and brush, 80% contained (+70% containment)</li> <li>● Slow rate of spread</li> <li>● Structure threat mitigated</li> <li>● Fire is in remote location with difficult access</li> <li>● Final report unless significant activity occurs</li> </ul>

**Ranch 2, Vegetation Fire, Los Angeles County, Update**

North San Gabriel Canyon Rd x Ranch Rd, San Gabriel Canyon  
Federal/Local DPA, FRA/LRA, Angeles National Forest/Los Angeles County

- 4,300 acres (+400 acres), grass and brush, 19% contained (+0% containment)
- Active rate of spread with running, uphill runs, and spotting
- Hwy 39 remains closed through San Gabriel Canyon
- Threat to foothill communities of Azusa, Monrovia, Duarte, Bradbury, and areas near Hoot Owl Flats and Rincon to the north
- An excessive Heat Warning remains in effect until 9pm Thursday
- Fuels and terrain are the main drivers for up-slope runs
- CA IMT2 Team 11 (Fogle) in command
- Incident submitting one ICS-209 daily @ 1800

**Dome, Vegetation Fire, San Bernardino County, Update**

Cima Dome x Mojave National Preserve  
Federal DPA, FRA, Mojave National Preserve

- 43,248 acres (-3752 acres), grass and brush, 5% contained (+0% containment)
- Active rate of spread with isolated torching, and wind driven runs
- Structures remain threatened
- Threat to Union Pacific Railway
- 500Kv transmission lines in area
- Tortoise habitat threatened
- Incident is burning in largest natural occurring Joshua Tree Forest
- Fire is in remote location with difficult access
- CA IMT2 Team 12 (Nobles) transitioned into command today at 0600

**Beach, Vegetation Fire, Mono County, Update**

Hwy 120 x Forest Road 1N23, 1 mile south of Mono Lake  
Federal DPA, FRA, Inyo National Forest

- 3,780 acres (+1,780 acres), brush and timber, 80% contained (+18% containment)
- Moderate fire behavior with creeping, smoldering, and flanking

- Mono Basin State Park evacuated and closed
- Road closures in effect
- Fire is burning in Sage Grouse habitat
- Threat to the tufa area of Mono Lake
- Continued construction and improving control lines

**Blue Jay, Vegetation Fire, Mariposa County, Update**

4 miles south White Wolf campground, 1 mile west of Lukens Lake trail

Federal DPA, FRA, Yosemite National Park

- 117 acres (+0 acres), timber and litter, 0% contained (+0% containment)
- Incident caused by lightning
- Confine and contain strategy
- Incident submitting one ICS-209 weekly Thurs @ 1800

**Trimmer, Vegetation Fire, Fresno County, Update**

Big Creek Rd x Trimmer Springs Rd, Sycamore Flats

Federal DPA, FRA, Sierra National Forest

- 594 acres (+0 acres), grass and brush, 99% contained (+0% containment)
- Minimal fire behavior
- Excessive heat next several days
- Ground resources continue to mop-up and strengthen control lines
- Continued demobilization of equipment
- Incident submitting one ICS-209 daily @ 1800

**Unified Command**

**River, Vegetation Fire, Monterey County, Update**

Pine Canyon x River Rd, 5 miles east of Salinas

State DPA, SRA, San Benito-Monterey Unit

- 4,509 acres (+439 acres), grass, brush, and oak woodland, 7% contained (-3% containment)
- Moderate fire behavior with uphill runs, flanking and single tree torching
- Structures remain threatened in the area of Las Palmas/ Indian Springs
- Threat to critical communications infrastructure on Mount Toro and Palo Escrito Peak

- Political major economic impact to the community for damage to agriculture
- Evacuation orders remain in place
- Steep and rugged terrain making access difficult
- Unified Command CAL FIRE and Monterey County Regional Fire
- CAL FIRE IMT 1 Team (Traux) in command
- No Federal resources assigned

**Lake, Vegetation Fire, Los Angeles County, Update**

Lake Hughes Rd x Pine Canyon Rd, 7 miles southwest Lake Hughes

Federal DPA, FRA, Angeles National Forest

- 22,139 acres (+1,024 acres), brush and timber, 38% contained (+0% containment)
- Active fire behavior with short crown runs, spotting, and running
- Continued threat to structures
- Threat to communities of Pine Canyon and Three Points
- Inspections are underway to identify damage to critical infrastructure and structures
- Evacuation orders remain in effect for the Lake Hughes, western Antelope Valley, Three Points, and surrounding areas
- Threat to Burnt Peak Communications site that houses critical infrastructure supporting, public utilities, public safety, and FAA communications
- Threat to rural agriculture and ranch properties with livestock and fruit orchards, sensitive or threatened species habitat for the Unarmored Three Spine Stickleback and Arroyo Toad
- Threat to commercial mining interests and recreational resources including a segment of the Pacific Crest Trail, Campgrounds, and Warm Springs Camp
- 500kV transmission lines remain threatened
- Continued threat to regional water supply systems
- Transportation and commuting corridor connecting the Antelope Valley to Santa Clarita and greater Los Angeles is closed
- Road closures remain in the area
- CA IMT1 Team 5 (Young) in command
- Unified Command USFS and Los Angeles County

**Apple, Vegetation Fire, Riverside County, Update**

Appletree Ln x Oak Glen Rd, Cherry Valley  
State/Federal/Local DPA, SRA/FRA/LRA, Riverside Unit/San Bernardino Unit/San Bernardino National Forest/Morongo Indian Reservation/City of Banning

- 33,424 acres (+0 acres), grass, brush and timber, 95% contained (+5% containment)
- Minimal fire behavior
- Closures in the area remain in place for San Gorgonio Wilderness Area and the Pacific Crest National Scenic Trail
- Continued demobilization of equipment
- Crews continue with suppression repair
- Unified Command CAL FIRE and USFS
- Federal air and ground resources assigned
- Incident submitting one ICS-209 daily @ 1800

**Contract County**

**Holser, Vegetation Fire, Ventura County/Los Angeles County, Update**

Holser Canyon Rd x Piru Canyon Rd, 1 mile south of Lake Piru  
Local DPA, SRA, Contract County

- 3,000 acres (+500 acres), grass and brush, 30% contained (+5% containment)
- Minimal fire behavior with smoldering
- Structures remain threatened
- Evacuations warnings have been lifted
- Continue to improve, reinforce and secure control line
- Federal ground resources assigned

**State**

**Hills, Vegetation Fire, Fresno County, Update**

Hwy 33 x Sutter Ave, 9 miles south of Coalinga  
State DPA, SRA/FRA, Fresno Kings Unit/Central California District

- 1,500 acres (+0 acres), grass and brush, 35% contained (+10% containment)
- Moderate fire behavior with uphill, wind driven runs
- Containment efforts are being hampered due to extreme temperatures, steep terrain, and limited access
- Federal ground resources assigned

- CA IMT2 Team 11 (Fogle) in command
- Incident submitting one ICS-209 daily @ 1800

**Blue Jay, Vegetation Fire, Mariposa County, Update**

4 miles south White Wolf campground, 1 mile west of Lukens Lake trail  
Federal DPA, FRA, Yosemite National Park

- 117 acres (+0 acres), timber and litter, 0% contained (+0% containment)
- Incident caused by lightning
- Confine and contain strategy
- Incident submitting one ICS-209 weekly Thurs @ 1800

**Trimmer, Vegetation Fire, Fresno County, Update**

Big Creek Rd x Trimmer Springs Rd, Sycamore Flats  
Federal DPA, FRA, Sierra National Forest

- 594 acres (+0 acres), grass and brush, 99% contained (+0% containment)
- Excessive heat next several days
- Ground resources continue to mop-up and strengthen control lines
- Continued demobilization of equipment
- Incident submitting one ICS-209 daily @ 1800

**Unified Command**

**Lake, Vegetation Fire, Los Angeles County, Update**

Lake Hughes Rd x Pine Canyon Rd, 7 miles southwest Lake Hughes

Federal DPA, FRA, Angeles National Forest

- 18,361 acres (+165 acres), brush and timber, 31% contained (+19% containment)
- Active fire behavior with torching, backing, and flanking
- Continued structure threat
- Threat to Lakes Hughes, Leona Valley, Lake Elizabeth, Pine Canyon, Quail Lake, Three Points and Historic Ridge Route
- Evacuation orders remain in effect for the Lake Hughes, western Antelope Valley and surrounding areas
- Threat to communications infrastructures for local, regional, and FAA communications systems
- 500kV transmission lines remain threatened
- Continued threat to regional water supply systems
- Road closures remain in the area
- CA IMT1 Team 5 (Young) in command
- Unified Command USFS and Los Angeles County

**River, Vegetation Fire, Monterey County, Update**

Pine Canyon x River Rd, 5 miles east of Salinas

State DPA, SRA, San Benito-Monterey Unit

- 2,800 acres (+800 acres), grass, brush, and oak woodland, 10% contained (+0% containment)
- Active fire behavior with torching, long-range spotting and uphill runs
- Structures remain threatened
- Evacuations warnings in place
- Limited access and steep terrain
- Unified Command CAL FIRE and Monterey County Regional Fire
- CAL FIRE IMT 1 Team (Traux) transitioning into command today at 1100
- No Federal resources assigned

**Apple, Vegetation Fire, Riverside County, Update**

Appletree Ln x Oak Glen Rd, Cherry Valley

Federal DPA, FRA, Sierra National Forest

- 600 acres (+0 acres), grass and brush, 20% contained (5% containment)
- Moderate fire behavior with creeping and smoldering
- Structures threatened
- Sacate Natural Resource Area is currently being impacted by fire
- Continued threat to transmission lines
- Ground resources continue to mop-up and strengthen control lines
- CAIMT2 Team 10 (Dalrymple) will in-brief at 1900 tonight and will assume command at 1800 hrs 08/08/2020

**Unified Command**

**Apple, Vegetation Fire, Riverside County, Update**

Appletree Ln x Oak Glen Rd, Cherry Valley

State/Federal/Local DPA, SRA/FRA/LRA, Riverside Unit/San Bernardino Unit/San Bernardino National Forest/Morongo Indian Reservation/City of Banning

- 30,517 acres (+1,250 acres), grass and brush, 30% contained (+0% containment)
- Fire behavior is active, flanking, backing, and spotting
- Continued threat to structures
- Numerous ranches, rural properties, and Animal Sanctuaries continue to be impacted
- Evacuation orders remain in place for east of Potrero Rd, north of Morongo Road, west of Hwy 62, north of Interstate 10, south of the San Bernardino county line, and east/west of Whitewater Canyon
- Evacuation Warnings for the areas of Forest Falls, Rimrock and Pioneertown, all of the City of Morongo Valley and both sides of Hwy 62
- Evacuation warning for the San Gorgonio Wilderness area and all recreation areas in the area of Forest Falls,

Wildwood Canyon at Oak Glen Rd, Highway 38 at Valley of The Falls and Oak Glen Road at El Dorado Park

- Evacuation orders have been lifted for the community of Oak Glen, east of Oak Glen Road, including Potato Canyon and Pine Bench North of the Riverside/San Bernardino line
- Threat to historical sites and grazing lands on the Morongo Indian Reservation
- Threats to San Gorgonio Wilderness, Pine Powerhouse and the Banning water flume which supplies water to the City of Banning
- Snow Peak repeater sight is threatened, and Edison transmission lines have been impacted
- Road closures in the area remain in place
- Steep access making containment difficult
- CA IMT1 Team 2 (Minton) is in command
- Unified Command CAL FIRE, USFS
- Federal air and ground resources assigned

**Stagecoach, Vegetation Fire, Kern County, Update**

Stagecoach Dr x Piute Meadow Rd, 9 miles south of Lake Isabella

Local/Federal DPA, SRA/FRA, Contract County/Central California District, Sequoia National Forest

- 7,748 acres (+748 acres), grass and brush, 31% contained (+4% containment)
- Moderate flanking, backing and smoldering.
- Fire has moved into timber litter and understory
- Structures remain threatened in the Piute Basin and Valley View communities
- The Piute Meadows Ranches Community on the west side of the fire is repopulating
- Trail closures in the area
- CA IMT2 Team 15 (Harris) in command
- Unified Command with USFS, BLM and Kern County Fire
- Federal air and ground resources assigned

		<p><b>Pond, Vegetation Fire, San Luis Obispo County, Update</b>  Kata Creek Rd x Oak Creek Place, 9 miles east of Santa Maria  State/Federal DPA, SRA/FRA, San Luis Obispo Unit/Los Padres  National Forest</p> <ul style="list-style-type: none"> <li>● 1,962 acres (+0 acres) grass and brush, 97% contained (+2% containment)</li> <li>● Minimal fire behavior</li> <li>● Crews continue with suppression repair and mop-up operations</li> <li>● Unified command CAL FIRE and USFS</li> <li>● Federal ground resources assigned</li> </ul> <p><b>Texas, Vegetation Fire, Los Angeles County, Update</b>  Bouquet Canyon Rd, south of Texas Canyon Station  Federal DPA, FRA, Angeles National Forest</p> <ul style="list-style-type: none"> <li>● 210 acres (+0 acres), grass and brush, 60% contained (+10% containment)</li> <li>● Forward rate of spread has been stopped</li> <li>● Unified command with USFS and Los Angeles County</li> </ul>
